IMPACT® 1140I & 1140IA

Introducing Titan's
connected sprayers

CONNECT. CONTROL. MANAGE.

POWERED BY:
INTELLISYNC™
Bluetooth

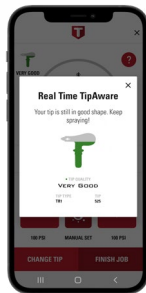

These fully featured sprayers offer the ultimate in functionality and convenience for the longest days and biggest projects. Capable of supporting large tip sizes and multiple guns, you can rely on the power and performance of the Impact 1140I and 1140IA. Now available with IntelliSync Technology powered by Bluetooth to connect to the MyTitan app for ultimate control.

THE MYTITAN APP GIVES CONTRACTORS ULTIMATE CONTROL

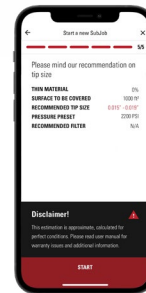

INCOMMAND
Real-Time Dashboard

Monitor and adjust pressure, run time, paint usage, and tip life.

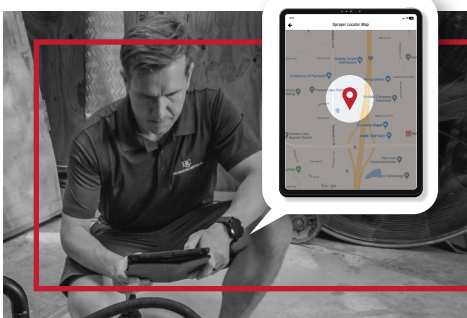

TIP AWARE
Tip Wear Indicator

Track your spray tip status in real time, with the industry's first and only tip wear indicator.

PROSTART
Start-Up Assistant

Get ideal pressure settings, tip size, and filter recommendations customized for every situation.

ULTIMATE THEFT PROTECTION

 **ACTIVGUARD™**

Impact 1140IA

Features the industry's only real-time GPS tracking platform. Track equipment from anywhere at any time without the need for Wi-Fi or a phone connection.

CONNECT. CONTROL. MANAGE.

ULTIMATE PERFORMANCE

Quad+ Packings™ and PermaLife™ Cylinder

- Self-adjusting and self-compensating packings extend life and deliver the best performance every time
- PermaLife Cylinder never wears or needs replacing
- Field serviceable fluid section can be replaced in minutes from any and every job site
- T-slot piston and release mechanism makes removal fast and easy

TECHNOLOGY THAT MAKES AN IMPACT

DuraLife™ Brushless HE Motor

- High-efficiency brushless motor maintains a higher working pressure, delivering smooth steady flow with no maintenance
- Lifetime Warranty

Logix™ Adaptive Pressure Control System

- Tip sensing technology minimizes pressure while maximizing efficiency
- Quieter, steadier spraying with advanced diagnostics

JOB SITE LIFE MADE EASY

EasyOut™ Fluid Section

- Easy to replace on the jobsite, no tools required

EZTilt Cart

- Makes bucket changes and cleaning easier

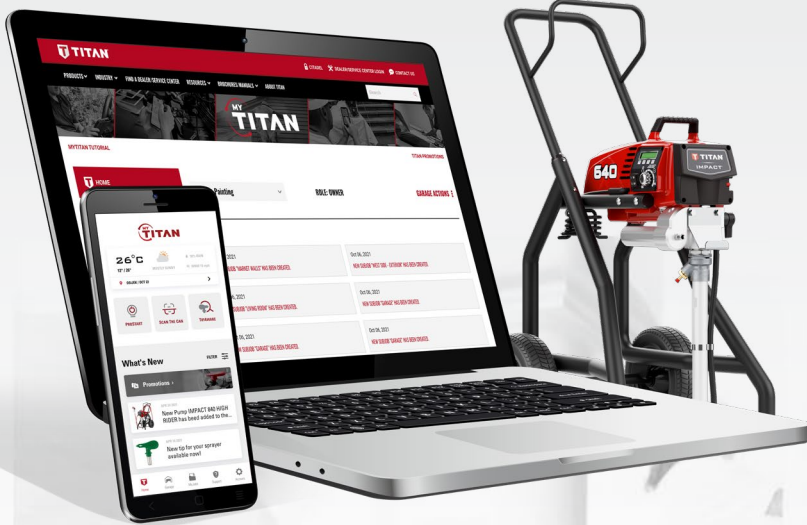

BUILT-IN INNOVATION

DigiTrac™ Technology

- Advanced diagnostics display to help you spray smarter. Always spray the right way with settable working pressure readings and resettable gallon and run-time counters
- Available on 1140i only

AutoOiler™ Technology

- Deliver oil from the reservoir to the packings with the push of a button
- Keep the piston protected at all times for extended life
- Leave the constant need for a bottle of piston oil out of the equation

EVERYTHING CONTRACTORS NEED TO TAKE PRODUCTIVITY TO THE NEXT LEVEL

MyTitan gives pros instant access to all things Titan. Anywhere, anytime on a computer or mobile device. MyTitan has all the tools they'll need to run a business more efficiently, all in one convenient place.

Manage a fleet of sprayers with service notifications and intel on pump set-up and time in use.

**Compatible with all industry sprayers*

Create and document past and present projects helping contractors manage their business.

Get ideal pressure settings, tip size, and filter recommendations customized for every situation.

Get optimal pressure, tip size and filter for the coating you are planning to spray.

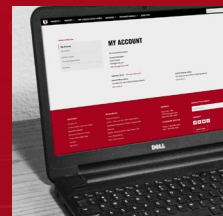

+ **Instant access** to vital Titan resources like promotions, support, weather, news and more.

IS THIS SPRAYER RIGHT FOR ME?

What types of coatings do you typically spray?

- Multiple gun applications; Heavy viscosity coatings; Joint compound (drywall mud); Architectural coatings; Firestop

What tip sizes do your coatings require? How many guns?

- The 1140 can be used on one or two gun applications. Maximum tip for 1 gun .034", 2 guns .023"

What type of jobs will this be used for?

- Can be used on all residential, commercial, and smaller industrial jobs

Spray hose length requirements?

- Depends on the coating viscosity; however, 100' (heavy) to 300' (light)

Do you need a digital display on your sprayer?

- 1140I unit comes with digital display, the 1140IA does not

Do you need real-time GPS tracking capability?

- 1140IA unit comes with real-time GPS tracking (requires annual subscription and MyTitan account), 1140I uses phone location services to show last place sprayer was connected to MyTitan (requires MyTitan account)

Common Coatings

COATINGS

* Included with each Impact 1140i and 1140iA. LS-10 Liquid Shield is provided in a 4 ounce trial bottle.

HEA Tip

DO MORE WITH TITAN HEA TIPS

- Spray at 1000 psi
- Reduce overspray by up to 55%
- Fits all industry standard guards
- Soft fan pattern

FREQUENTLY ASKED QUESTIONS

WHAT ARE THE IMPACT 1140I AND 1140IA MODELS BEST FOR?

These models are recommended for larger residential, commercial, and industrial applications for use with up to two guns where a wide range of coatings including latex and oil based paints, metal primers, epoxies, and urethanes are specified. Check the product specification guide for your coating to determine if it is compatible with the 1140.

CAN THE IMPACT 1140I AND 1140IA MODELS SPRAY FIRESTOP, DRYFALL, AND BLOCK FILLER?

Yes, both Impact models will spray firestop, dryfall, and block-filler as an alternative to using a heavy gas machine. Dryfall will spray with two guns using up to a 0.023" tip. For block fillers requiring up to a 0.034" tip and pressure below 3000 psi we recommend one gun. Lead with a 3/8" hose, remove the gun filter and replace the manifold filter with the filter plug.

WILL THE SPRAYER STILL FUNCTION IF INTELLISYNC IS NOT WORKING?

Yes, your sprayer will still function as normal if you decide not to use the MyTitan app. You will not have access to GPS tracking or gallon and runtime information but can spray as usual.

HOW WILL UPDATES TO THE APP OR PHONE OPERATING SYSTEM AFFECT PUMP USAGE?

The MyTitan app is compatible with mobile phones using an operating system of iOS 13 or Android 7 or higher. All updates to the MyTitan app are thoroughly tested before they are implemented and should have no impact on the performance of the sprayer. If there happens to be a time in which the MyTitan app is not working correctly you will still be able to use the sprayer as you would any non-connected sprayer.

WHAT ARE THE DIFFERENCES BETWEEN THE IMPACT 1140I AND 1140IA MODELS?

The Impact 1140I comes with the DigiTrac Display while the 1140IA comes with a non-digital display.

The Impact 1140IA comes with ActivGuard GPS (subscription required) while the 1140I does not have this feature.

WHAT IS THE COST FOR GPS SERVICE WITH THE IMPACT 1140IA?

The GPS subscription for the 1140IA sprayer costs \$119.99 per year, per sprayer. If you have multiple 1140IA you will need to purchase a subscription for each unit. To activate your subscription simply add the 1140IA sprayer to your MyTitan Garage and follow the step-by-step instructions in the app.

CAN I LOCATE MY SPRAYER WITH THE MYTITAN APP IF IT IS NOT TURNED ON?

Yes, with the 1140I you can use location services on your phone to view the location where you last connected to the sprayer. On the 1140IA model with ActivGuard GPS you can receive real-time updates on sprayer location whether the sprayer is turned on or off.

**BEST AND LONGEST WARRANTY
IN THE INDUSTRY**

TITANWEARGUARD.COM

Impact 1140I and IA Warranty Information

Four-Year Manufacturer's Defect* – We pledge that our sprayers are free from defects in materials and workmanship.

Lifetime DuraLife Brushless HE Motor – If the motor fails from normal usage for as long as you own the sprayer, we will replace the motor at no cost to you.

Lifetime Drive Train – If the drive train fails from normal usage for as long as you own the sprayer, we will replace the drive train at no cost to you.

*Manufacturer's Defect Warranty excludes normal wear items and consumables such as filters, piston, packings, spray tips, spray guns, hoses, etc.
